HARPER'S BACKS ON AILING LIST

N. D. Coach Postpones Scrimmage Due to Men Being in Poor Shape.

Contrary to expectations, Coach Harper did not send his Notre Dame football squad through scrimmage yesterday.

"There are too many men on the ailing list," said the coach at the conclusion of the practice. "Not one of our fullbacks is in shape. Miller's ear is not yet well enough to permit him to scrimmage and Fitzpatrick, Stackford, Ward Miller, and McDermott are all in poor shape."

The Hoosiers worked out behind closed gates. Admission was refused to students. The coaches hurried their forward candidates through a long line scrimmage and declared at the end of the workout that although some improvement was noticeable, it was not so great as desired. Backs practiced punting and catching and the day's session ended with signal drill, three teams running up and down the field.

May Scrimmage Today.

Scrimmage is due for either today or tomorrow and possibly both days. Coaches Harper and Rockne do not feel that their men have had near enough of the strenuous stuff to put them in shape for the hard game with Case Saturday and as much scrimmage as possible will be meted out to the athletes this week.

John Miller will start Saturday's game at fullback. This is almost a certainty. Coach Harper hopes to send him into scrimmage Wednesday. The speedy backfield man had had no scrimmage work this year because of the infection to his ear and Harper is anxious to put him under fire before the opening game.

It is hardly likely that Jim Phelan will play in the Case game. The veteran is as yet unable to attend the hard knocks and Grant or Goralis will in all probability be at quarterback Saturday.

Coaches Fitzgerald and Lee gave the freshman candidates a strenuous drill yesterday. After a long practice at going down under and catching punts they were taken to the tackling drill and given a hard workout at blocking. The practice ended with signal drill.

He took this action following a long conference with Coach Sweeney, who said that he was still at a loss to explain the reason for Brodie's action as the one-year residence rule at Yale will prevent him playing for the blue this year.

BROOKLYN'S LEAD WHITTLED DOWN

Defeat Today and Victory For Phillies Would Mean New Leader in National.

International News Service: NEW YORK, Sept. 26.—Gaining ground at every step like the great Anglo-French drive against the German lines in France, the Phillies are overhauling the Dodgers in the race for the National league pennant. Since Saturday Pat Moran's National league champions have cut down the Dodgers' lead from 2½ games to a game. And the Juuker lads can go into the lead if they win today's game while the Dodgers lose again to the Cubs.

A week ago it looked as if the Dodgers had the bunting all ready to attach to the flagpole in Ebbets field. Today they are fighting with their back to the wall to ward off the flying Phillies, with Alex. Alexander, Rixey and Demaree pitching the ball that chalks up games in the win column, are breezing along like a cyclone.

The Dodgers have two more games to play with the Cubs and then will begin the real crucial series of the season when they line up with the Phillies, beginning Thursday. The result of these games may decide the pennant. The Phillies have one more game with the Reds, then they rest up a day before tackling the Dodgers. After that they play the Braves six games. Should they take a majority of games from the Dodgers, they will finish their final series against a weaker club than the Dodgers, and have a better chance to land. The Dodgers will have to play four games with the Giants and McGraw's men are now playing the best ball in the league. They have established a new record of straight wins—21 games—surpassing the Providence record of 20, which has stood for 32 years.

And many fans in New York are sorry that the Giants are not closer to the lead. They believe they surely would come through.

THE PENNANT CHASE				
CHICAGO, Sept. 26.—All Boston has to do to put Detroit out of the pennant race in the American league, is to win two of its remaining seven games. As a result of Monday's contest, the champions record is 37 won and 60 lost, so two more wins would make it 39 victories and 60 defeats. Detroit has only three games left to play and now has 35 won and 66 lost, so that by winning the trio it would stand 38 and 66, one whole game behind Boston.				

Chicago has a slightly better chance than Detroit. Including Monday's game Comiskey's men have won 38 and lost 64. Winning their remaining four games, four of which are with Cleveland) they would stand 42 won and 64 lost. To beat that Boston would have to win four of its seven games, four of which are with New York and three with Philadelphia. The standing:

BEAT CARDS IN TWO FOR BIG MARK

Displace Providence Grays for Honor—Latter Took 20 in 1884.

NEW YORK, Sept. 26.—The New York Nationals' double victory over the St. Louis club here Monday afternoon enabled the Giants to lay claim to a new major league record for consecutive games won in one season. At the completion of the double header the team had won 21 straight victories, thus displacing the record of the famous Providence Grays, who won 20 games in a row in 1884.

During the 22 years since Providence set the 20 game record, the figures have been threatened several times. In 1905 the Chicago American league club won 19 in a stretch. The New York Giants ran 18 straight in 1904 and 17 games earlier in the present season.

Several minor league clubs have exceeded these figures, the best records being 27 games by the Corsicans club of the Texas league in 1902; 25 games by the Charlotte club of the Carolina league in the same year, and 24 games by the Jersey City club of the Eastern league in 1903.

In winning 21 games straight the Giants actually figured in 22 games because one of the games ended in a tie. In one respect however, the record does not compare with that of the Providence club, as Pitcher Charley Radbourne twirled the Grays to victory in 18 out of the 20 games won by his club in the 1884 stretch of conquests.
